Smart AI Glasses

BJ68

Quick Start Guide

UP & RUNNING IN 5 STEPS

- Press & hold 3s to power on**
Blinking blue = ready to connect
- Download the EYEVUE App**
App Store & Google Play
- Connect via Bluetooth**
App → Add Device → AG68 → Pair
- Press to shoot • Hold 2s for video**
Double-press for a voice memo
- Say "Fun Seek" to activate AI**
Or long-press the touchpad

45g • W1-F1 6 • BT 5.3 • 13MP • IP65

01

Getting Connected

Get the App

- 1 Search **EYEVUE** on the App Store or Google Play

Pair Your Glasses

- 2 **Press & hold the shutter button 5s** — blue LED blinks
- 3 App → **[Add Device]**
- 4 → **[**68-XXXX]** → **[Pair]**
- 5 **Chime sounds, blue light goes steady** — you're connected

Camera, video, and voice memo are only available when connected to the EYEVUE app.

Remove Your Device

App Settings → **[Unpair Device]** → **[Confirm]**

Heads up: Unpairing permanently erases all files on your glasses.
